The total quota for swimming is 272

MAXIMUM QUOTA PER NOC	
Men	14
Women	14
Total	28

MAXIMUM QUOTA PER EVENT PER NOC	
Individual events	2
Relay events	1 team of 4

These athletes must all have qualified according to the system described below.

Athlete Eligibility

The athletes must have signed and submitted the Athlete Eligibility Condition Form.

Only NOCs recognized by Panam Sports whose swimming National Federations are affiliated with FINA and the UANA, may enter competitors in the Cali 2021 Junior Pan American Games.

To be eligible for participation in the Cali 2021 Junior Pan American Games, a competitor must comply with Panam Sports Regulations, FINA rules and must be entered by his or her NOC.

All of the participating athletes must have been born between 1999 – 2006.

A competitor's nationality will be determined according to Panam Sports Regulations.

Qualification System

Qualification period: January 1st, 2019– June 21st, 2021

As Host Country, Colombia automatically will qualify 14 male and 14 female competitors.

Each National Olympic Committee (NOC) may use proven swim times attained during the qualification period of those swimmers who have met the qualifying standards established by the Union Americana de Natación (UANA) for the Cali 2021 Junior Pan American Games at a competition recognized by the National Swimming Federation of the NOC submitting the entry. Each NOC must attest that the entry times submitted were achieved during the qualification period and were achieved at a competition conducted under the Federation Internationale de Natation (FINA) rules.

The priority order for qualification and selection into the Junior Pan American Games will be:

1. All athletes who have achieved an "A" time standard (see chart on the last page of this document) will be invited to compete.
2. Universality athletes will be invited to compete. The universality rule applies to those NOCs that do not have athletes with either an "A" or "B" qualifying time, or NOCs that have no athletes invited to the Cali 2021 Junior Pan American Games through the online meet entry system (OME). These NOCs are entitled to have two male and two female athletes entered into the Junior Pan American Games. Universality athletes will be selected separately by gender. An NOC that has qualified one swimmer with either an 'A' or 'B' standard time and that athlete has been invited to compete, may enter up to one additional athlete of the same gender through Universality into the UANA OME system. An athlete invited to compete in the Games under the universality provision may enter three individual events without having achieved a qualifying time in any event. Universality athletes may also participate in mixed gender relays.

3. Relay-only athletes will be invited to compete. NOCs entering relay teams may enter a maximum of one relay-only athlete per gender, as part of their team. Relay-only athletes will be considered as part of the per-team quota of 14 men and 14 women.
4. Athletes who have achieved a “B” time standard (see chart on the last page of this document) will be invited to compete until the quota of athletes for the Cali 2021 Junior Pan American Games is met. If more than 28 spaces remain after the addition of ‘A’ qualifiers, ‘B’ standard athletes will be selected by adding the next fastest B standard athlete to each event until less than 28 quota spots remain. Additional ‘B’ athletes will then be added one at a time to individual events based on FINA point rankings, with those athletes with the highest FINA point rankings selected first, until the quota of athletes has been achieved.

If an NOC has an athlete with “B” qualifying standard, but that athlete is not invited to compete, then that NOC may be permitted to enter athletes via the universality rule (not. to exceed a maximum team of 2 men and 2 women).

Once a swimmer has qualified in at least one individual event and has been invited to the Cali 2021 Junior Pan American Games as an “A” or “B” athlete, that athlete may enter and swim other individual events up to a maximum of five individual events, without having a qualifying time in those other events, provided that NOC has an opening in that specific event. The rule of maximum of two entries per event per NOC still applies,

These additional events must be entered during the OME process described in this document, and no additional event entries, or changes to entries, will be allowed after the entry deadline.

Relays

Each NOC may enter one team in each relay event, provided it has at least three athletes with “A” or “B” standards that have been invited to compete in the Cali 2021 Junior Pan American Games. Each NOC will be allowed a maximum of one relay-only swimmers per gender. All other relay participants must be entered in at least one individual event. Any swimmer entered in an individual event may swim in any relay and does not need a qualifying time in the particular stroke/distance to be swum in the relay to do so. Relay-only athletes are only eligible to swim in the relay(s) and will not be permitted to swim in any individual events. A relay only athlete must participate in at least one relay.

Each team is allowed to have one relay only swimmer of each gender within their team quota allotment. each of these swimmers must swim in the heat or final of at least one relay and must have an A or B qualifying time in the stroke/distance that he/she would swim in a relay. Should a relay-only swimmer not compete, this will lead to the disqualification of the respective team. Further, if a relay-only swimmer does not compete in the heats of a relay in which the NOC fails to qualify for the finals, the relay will be disqualified.

If a relay-only swimmer could swim in multiple relays, but does not compete in any for which he/she is eligible, the final relay for which he/she was eligible will be the relay that is disqualified. In the event that at least one relay event competes directly to finals for that gender, the requirement for relay-only athletes to compete will not be enforced.

If a relay-only swimmer is medically unable to compete, they may be excused from the requirement to participate in a relay. A member of the Panam Sports Medical Commission or their Designee will be present at heats and finals and will be the independent physician empowered to make decisions about relay-only athlete participation.

The physician designated by the Panam Sports Medical Commission and Cali 2021 has final authority to make decisions about athlete's non-participation due to injury or illness (particularly related to relay-only athlete participation in relays, but not limited to this), and to make decisions about permissible use of taping on the bodies of competing athletes.

The relay participants may be completely different between Heats and Finals, with up to eight different swimmers.

An NOC that enters universality athletes at the Cali 2021 Pan American Games is eligible to enter mixed gender relays however they cannot enter relay-only athletes.

UANA Online Meet Entry System

Swimming entries to the Cali 2021 Junior Pan American Games will first be processed by UANA through its OME system. UANA will provide each NOC with an OME system username and password and an OME users' guide (English and Spanish) for the Cali 2021 Junior Pan American Games. This information will be distributed on March 15th, 2021.

The OME entry system opens at 1000 (CT) – April 14th, 2021

Universality Quota Places

UANA will confirm to Panam Sports and invites universality athletes no later than July 7th, 2021.

NOCs will confirm with UANA the participation of universality athletes no later than July 14th, 2021.

Confirmation of Quota Places

Based on the system described in the section above, UANA will inform to Panam Sports and NOCs/NFs the quota places qualified, by July 20th, 2021.

The NOCs/NFs must confirm to Panam Sports and UANA the use of quota places obtained, no later than July 27th, 2021.

Reallocation of Unused Quota Places

If any qualifying country fails to confirm its participation to Panam Sports and UANA by August 3rd, 2021, alternate NOCs, in qualifying order, will be approached to replace them.

The reallocation process will be completed by August 10th, 2021.

Qualification to Santiago 2023

In Swimming, all gold medalist in individual events will qualify directly to the Santiago 2023 Pan American Games. Fourteen (14) spots per gender (28 in total) will be allocated in these competitions.

The athletes who qualify for Santiago 2023 will not have any effect on the delegation size and number of entries per individual event for the 2023 Pan American Games.

These quotas will be for the athletes, not for the country. If the athlete that earned the place cannot participate in the Santiago 2023 Pan American Games, said place will be lost and may not be transferred to the country or to any other athlete placed in another position in the corresponding event of the Cali 2021 | Junior Pan American Games.

TIMELINE	
Date	Key Event
January 1 st , 2019	Qualification period begins
March 15 th , 2021	Online meet entry user guide, username and password will be allocated
April 14 th , 2021	UANA online meet entry opens at uana-aquatics.org
April 14 th , 2021	Tutorial for online meet entry, available in English and Spanish
June 9 th , 2021	Cali 2021 Entry by number deadline.
June 21 st , 2021	Qualification period ends
June 30 th , 2021	UANA online meet entry closes at 23:59 (CT)
July 7 th , 2021	UANA invites universality athletes
July 14 th , 2021	NOCs will confirm with UANA the participation of universality athletes
July 20 th , 2021	UANA will confirm to Panam Sports and to the NOCs the places that each NOC has qualified
July 27 th , 2021	NOCs will confirm to Panam Sports and UANA the places they will use
August 3 rd , 2021	Reallocation of unused quota places
August 10 th , 2021	NOCs that received reallocated quotas should confirm their participation
August 19 th , 2021	Cali 2021 entry by name deadline

QUALIFICATION STANDARDS

WOMEN		
Length of race	"A" time standard	"B" time standard
